Oxford University Press. Hardcover. Book Condition: New. Hardcover. 560 pages. Dimensions: 13.5in. x 8.4in. x 1.4in. Newman himself called the Oxford University Sermons, first published in 1843, the best, not the most perfect, book I have done. He added, I mean there is more to develop in it. Indeed, the book is a precursor of all his major later works, including especially the *Essay on the Development of Christian Doctrine* and the *Grammar of Assent*. Dealing with the relationship of faith and reason, the fifteen sermons represent Newman's resolution of the conflict between heart and head that so troubled believers, non-believers, and agnostics of the nineteenth century. Their controversial nature also makes them one of the primary documents of the Oxford Movement. This new edition provides an introduction to the sermons, a definitive text with textual variants, extensive annotation, and appendices containing previously unpublished material. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
