Assignment of Receivables in International Factoring Introduction: Factoring is a The new trade settlement tools and trade financing instruments. With the transformation of the world market to a buyer's market. to meet the importers deferred payment requirements but also to meet the exporters as soon as possible factoring receivable requirements growing popularity. International factoring is a type of factoring involves the transfer of accounts receivable between importers and exporters located in different places of business. Research on International Factoring. on the one hand. to focus on international factoring function to form a complex contractual arrangements. on the other hand we must focus on international factoring the claims so that with the quasi-property rights. It is necessary to combine the claims of domestic legislation with the basic theory. but also with facilitating credit for international legislation and the promotion of the rules of the credit and liquidity. Look for deficiencies in China's legislation. differences from the national legislation to improve the specific provisions of...
