

A treatise on hydrodynamics Volume 2 with numerous examples

Filesize: 8.14 MB

Reviews

The most effective pdf i ever read through. I am quite late in start reading this one, but better then never. Its been developed in an exceedingly simple way in fact it is only soon after i finished reading through this pdf by which in fact altered me, modify the way i think.

A TREATISE ON HYDRODYNAMICS VOLUME 2 WITH NUMEROUS EXAMPLES

DOWNLOAD

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 74 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1888 Excerpt: . . . be given to the water, the elasticity of the ice will cause waves consisting of lateral vibrations to be propagated along it. Let L be the flexural rigidity of ice, a the mass of a section of unit of area, the equation of motion of the ice is $r-Z0p$ (66). Let E be Youngs modulus of elasticity, e the thickness of the ice, then neglecting the slight difference between the density of water and ice, we have $L = e^3E$, $a = \rho e$. Let the velocity potential of the water be $\phi = A \cosh m(z-h) \cos (nw-nt)$, then $f = -\frac{A}{g} \sinh mh \sin (mx-nt)$, and $B = \frac{A}{g} \cosh mh \sin (mx-nt)$. Substituting in (66) we obtain $(e - m^{-1} \coth mh) \rho g A = \frac{1}{2} \rho e^3 m^3 A$. It may be stated that ice was the first substance for which an experimental determination of E was attempted (see Youngs Lectures on Natural Philosophy). Further examples of waves in water covered with ice will be found in Prof. Greenhills Article on Waves. In addition to the papers referred to in the text, the reader may consult the following authorities. Cauchy, *Mémoires des Savants étrangers*, vol. i. 1827. Poisson, *Mémoires de l'Institut*, vol. i. 1816. Green, *Trans. Camb. Phil. Soc.* 1838. Kelland, *Trans. Roy. Soc. Edin.* vols. Jeiv. and xv. Lord Bayleigh, *On Progressive Waves*, *Proc. Lond. Math. Soc.* vol. ix. Lord Kayleigh, *The Form of Standing Waves on the Surface of Eunning Water*, *Ibid.* vol. xv. Lord Rayleigh,...
