Follow SEAL Team Six as they train, hunt and fight an enemy who reaches out from the most remote corners of the world to murder and maim. These highly-trained, military men are the unknown heroes who endure unimaginable hardship and murderous combat to protect our homeland. In SEAL Team Six: The Novel, a mass shooting at a California big box store begins a new round of murder from an unknown source. America is suffering a virus of homegrown terror as one-man cells are inspired by a new kind of terrorist who speaks to them through websites, tweets and emails. These lone wolves get their orders and directions on how to carry them out from a man known only as Young El. His identity and face are not known. Counter-intelligence agencies in the West have only the voice on his podcasts to identify him. The super-secret group often known as SEAL Team Six is the point of the spear to find, and eliminate, this new source of murder and suffering. Their hunt takes them from their base in the USA to a deadly labyrinth in the Philippines and, finally, a terror stronghold deep in the jungles of Borneo. You'll train with these men, fight alongside them and share their danger and losses. America's gunfighters take the battle to the home turf of terror no matter where on the planet it hides. This is straight up, unapologetic military action set against the fast-changing background of the war on terror, says New York Times Bestselling writer Chuck Dixon. There's no mercy...
