Ditch the Pills Use Natural Herbal Treatments to Heal Yourself Have you heard about MRSA? Also known as the hospital superbug, MRSA proved to be scary. The expanded form of this term is Methicillin Resistant Staphylococcus aureus. This is a bacterium that is resistant to almost every single antibiotic. What do you do in such a situation? We are blessed to be living in an era where medical science has really advanced and people do not fall prey to diseases such as pneumonia and tuberculosis. The question that needs some introspection is why only a specific set of people are impacted by disease. There are always some people who seem to be always healthy. Are they doing something differently? How are they able to stay strong and full of energy in terms of any crisis? How are they able to maintain that perfect health and balance? The answer to the above questions lies in this book: Herbal Antibiotics and Antivirals! This book is a mini guide that teaches you to survive in a world without pharmaceutical antibiotics and antivirals. It not only provides you information about herbal alternatives to these antibiotics and antivirals, but also provides a list of herbs that can be used to strengthen your immunity. And there is a chapter dedicated to making your own medicines at home. It familiarizes you with the process of harvesting, drying and storing your plant. It also provides you some proven strategies to create your own medicines - decoctions, infusions, poultices, salves, compresses etc. If you are ready to explore the good green world...
