RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 156 pages. OCLC Number: (OCoLC)56189619 Subject: Child welfare -- United States -- States -- Evaluation. Excerpt: . . . 11 rarely. The review process is a rigorous evaluation of the States system and allows the review team to identify problems, investigate the causes, and suggest solutions during the review. Statewide Automated Child Welfare Information System (SACWIS) - Through these reviews we assess and inspect the planning, design, and operation of SACWIS systems to determine how such systems meet the requirements imposed in the law, regulations, guidelines, and in the States unique business plan. ACF evaluates all mandatory functional components (e. g. intake, screening, assessment, and investigations) and all the optional components the State elected to include in the system design (e. g. court processing and contract monitoring). The SACWIS can function as a case management system that serves as the electronic case file for children and families served by the States child welfare programs. Twenty-nine States now have operational systems that are comprehensive and capable of supporting both improved case management and required data reporting. Child and Family Services Review - The CFS Review is designed to ensure that State child welfare agency practices are in conformity with Federal child welfare requirements, to determine what is actually happening to children and families as they are engaged in State child welfare services, and to assist States with enhancing their capacity to help children and families involved with the child welfare system achieve positive outcomes. The CFS Review is the most comprehensive Federal child welfare monitoring tool we have and is the focus of my testimony today. Child and Family Services Reviews The Child and Family Services Review is the cornerstone of our efforts...
