This item is printed on demand - Print on Demand Neuware - Essay from the year 2005 in the subject Art - Architecture / History of Construction, grade: 74 out of 80, University of Essex, 8 entries in the bibliography, language: English, comment: This essay is about the skylines of florence, siena, pisa etc. and their history and special purposes like family towers and gigantic sacral and secular buildings. Double spaced , abstract: In this essay, I shall depict one of the reasons for and ways of shaping the city during the Italian renaissance. I will be looking at the architecture of a handful of Tuscany s bigger and smaller cities and the way they represented themselves throughout the centuries. What were the major differences between them, and what did they have in common Referring to the title and taking the skyline as a measure to differentiate, I shall show and explain the motivations to build the significant buildings of these cities. Starting with Lucca, Siena, Volterra and San Gimignano in comparison, however, the focus in the end will be on Florence as the major Tuscan city. Where possible,...
