

Indra and Varuna in Indian Mythology

Filesize: 9.47 MB

Reviews

A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.

Nag Publishers, Delhi, India, 1978. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. Indra and Varuna are the two most important archetypal symbols of Indian mythology. This Book reviews the development of the myths related to the-e figures in the entire Vedic literature, the Mahabhanta and the principal Puranas It studies the meteorological, physiological, psychological, political, social, religious and philosophical interpretations of these two Mythological and literary images. This book concludes that mythically the two most important and exalted Vedic gods-Indra and Varuna of Vedas fall of from their position at the emergence of The Hindu trinity in the Mahabharata and the Puranas but philosophically they remain as important as before representing the two complementary aspects of the cosmic reality at various levels of existence. One represents the truth of being, the other the truth of becoming; one represents the spirit, the other the matter; one symbolizes the vast creative principle and the other the enveloping formless void; one denotes metaphorically the day, and the other the night. Printed Pages: 240.
