STUPIDOMICS: A PRIMER ON THE U.S. ECONOMY

North American Business Press. Hardcover. Book Condition: New. Hardcover. 114 pages. Dimensions: 9.1in. x 6.3in. x 0.7in. At the end of 2008, government leaders and most professional economists were looking at each other and asking, How did we miss this and Why didnt we see it coming Indeed, why didnt they Our answer to their question is-Stupidomics. Those asking these questions aided and abetted those who drove our economy to the brink of disaster. Words like hubris, myopia, folly, egoism, and pridefulness come to mind when we think about these noble custodians of Americas economic wellbeing. It is this lack of economic understanding that motivated the title of our book--Stupidomics. The title is not meant to imply that Americans are stupid. Rather, we mean that Americans are...
