Teachers' College Press. Paperback. Book Condition: new. BRAND NEW, Envisioning Literature: Literary Understanding and Literature Instruction (2nd Revised edition), Judith A. Langer, This updated text argues that literature fosters ways of thinking that go far beyond understanding the conventions of genre and text. It involves literate thinking that takes students beyond improved performance on high-stakes tests and prepares them for their future in the 21st century. This revision of Judith Langers classic bestseller builds on more than 15 years of research and development projects in elementary, middle, and high schools, in inner-city as well as suburban and rural communities. Filled with classroom examples from across the grades and the voices of students and teachers, this book continues to be a practical and influential resource for the English Language Arts classroom.
